Mainframe 2.0

The Future of Interacting with the Mainframe

Copyright © 2006 illustro Systems International, LLC

illustro Systems International, LLC

- illustro – Latin for “enlightened” or “to illuminate”
- Focused on creating a different approach to mainframe technology to extend the life and acceptability of the mainframe
- New products, innovative services and new technology
- The people behind illustro represent some of the best known names in the industry
  - Involved at WAVV and the IBM Tech Conferences since inception

Copyright © 2006 illustro Systems International, LLC

illustro Systems International, LLC…

- Privately held firm based in Dallas, Texas
- Offer only zSeries (mainframe) services and products
- Network of partnerships
  - IBM Business Partner
  - Fundamental Software, Inc.
  - Infocrossing, Inc.
  - International sales partnerships
- Customers across all industries depend on illustro

FIRST DATA

illustro at WAVV 2006

- Speakers at 12 sessions on a variety of topics
  - Saturday, 10:30 a.m. – Mainframe in 2006: Where are we, and where are we going?
  - Saturday, 11:45 a.m. - .Net Programming Examples with VSE
  - Saturday, 3:00 p.m. – The HTTP Protocol
  - Sunday, 8:00 a.m. – Fundamentals of Data Encryption (z/Encrypt)
  - Sunday, 9:15 a.m. – Mainframe 2.0
  - Sunday, 11:45 a.m. – Sarbanes Oxley, HIPAA and Privacy 101
  - Sunday, 3:00 p.m. – Mainframe 2.0
  - Monday, 9:15 a.m. – CICS TS RDO Hints and Tips
  - Monday, 11:45 a.m. – CICS Performance Tips/Tuning
  - Monday, 3:00 p.m. – VSE Hot Topics
  - Monday, 5:30 p.m. – Programming with JavaScript
  - Tuesday, 9:15 a.m. – SOA and Web 2.0

iServices Services Description

- Turn-key, integrated services
  - *i*MOVE™ - Hardware and software installations and migrations
  - *i*BUILD™ - Off-site system build and staging
  - *i*TUNE™ - Performance analysis and tuning
  - *i*PLAN™ - System capacity planning
  - *i*CONNECT™ -Complete TCP/IP and SNA network design and implementation
  - *i*ASSIST™ - CA and other third party product installation and education
  - *i*HELP™ - Remote system support via network access
  - *i*RECOVER™ - Disaster recovery planning and testing
  - *i*CALL™ - Telephone based support
  - iTips™ - FREE email service with valuable tips
    - Subscribe at www.illustro.com/itips.htm

iS.O.S. Services Description

- Monthly Subscription Service
  - "All you can eat" service for telephone or remote access services
  - Unlimited remote support in the event of a total system outage
  - 24x7 support available
  - 1 time inventory and review of system layout, installation and configuration
  - Monthly email updates including service levels for IBM and 3rd party products, HIPER PTFs, tips and techniques, and other news potentially affecting the installation
  - Web-based access to iAnswers™--illustro's online KnowledgeBase – www.illustro.com/ianswers
  - Periodic conference calls on industry topics

illustro's i.c.y.a. Network Security

- *Complete, turnkey solution — delivered completely ready to use*
- *Works with any TCP/IP Stack,*
- *Works for HTTP (Web), FTP, Telnet and other applications*
- *Supports SSL 3.0 and TLS 1.0*
- *Supports encryption algorithms including Triple DES, DES, both AES 128-bit and 256-bit*
- *RSA certified public/private encryption*
- *Supports most 3rd Party SSL Certificates (Verisign, etc.) Supports self-signed certificates*
- *Audit log Redundant hardware for maximum reliability*
- *Dual embedded 10/100/Gigabit NICs – Token-Ring capable*
- *Live demo available at www.illustro.com/icya.htm*

It's 7:00.
Do you know where your backup data is?

Scary thought, isn't it?

Like a child, your precious data needs to be protected at all times, day or night. You have an abundance of critical data that you spend thousands of dollars "keeping safe" within your mainframe data center. Can your data fall into the wrong hands, unencrypted and vulnerable to misuse?

The safe haven.

Introducing z/Encrypt™ from illustro. z/Encrypt is an end-to-end solution that delivers secure, encrypted backup storage and transmission for your mainframe backup data.

z/EOcrypt™ MAINFRAME BACKUP PROTECTION

Copyright © 2006 illustro Systems International, LLC WAVV2006-13

z/EOcrypt™ Mainframe Backup Protection

- z/Encrypt device emulates tape using industry-proven technology from Fundamental Software, Inc.
- Attached via ESCON channel
- Tape data encrypted at rest
- Full encryption capabilities for any existing backup structure
- No need to use special utilities
- Automatically uploads files to remote z/Encrypt device
- Optional Portable RAID Enclosures

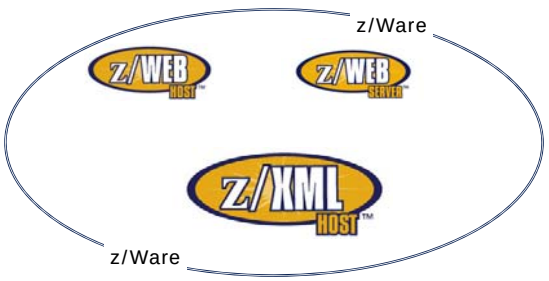
illustro's Internet-enabling Software



Copyright © 2006 illustro Systems International, LLC WAVV2006-18

illustro's Internet-enabling Software…

- Easy is the term
- Different by design
  - All z/Ware products run directly on the mainframe
  - Simple installation and implementation
  - All products are completely independent, and don't rely upon less-reliable components (e.g. CICS Web Interface)

Copyright © 2006 illustro Systems International, LLC WAVV2006-19

IT'S OKAY TO TALK TO STRANGERS

Z/XML HOST

- Transform *any* 3270 application data into industry standard eXtensible Markup Language (XML) document
- XML documents allow for data to be shared across data, system and processing architectures and environments
- Implement Web Services capabilites; allow your mainframe to participate in a Service Oriented Architecture (SOA)
- No changes required to any existing application
- Open your mainframe data and applications to Java, .Net, even Microsoft Office

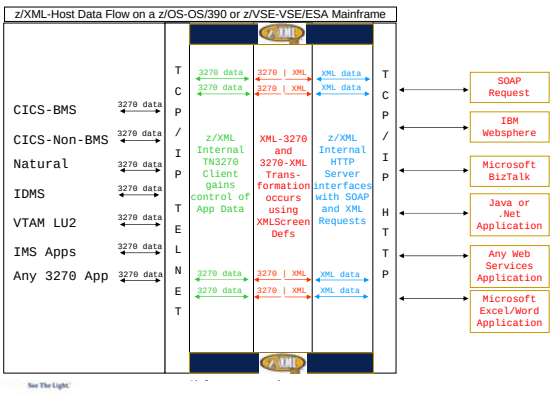
Copyright © 2006 illustro iProducts Product Description

Copyright © 2006 illustro Systems International, LLC

- Does not use CICS for access
  - Advantages:
    - Supports all applications
    - Does not utilize critical CICS resources
    - Does not need unstable and complicated 3270 Bridge
    - Does not rely upon CICS Map Names which may be unusable
- XMLScreen provides ability to easily eliminate data, rename fields
- Easy to write client side programs to interact
- Visual Basic sample apps distributed with download
  - VSE console
  - OS/390 console

iProducts Product Description

Copyright © 2006 illustro Systems International, LLC WAVV2006-22



- Recent Success Story
  - Affirmative Automobile Insurance
  - .Net application for claims interfacing with mainframe policy database
  - Data from up to 30 screens is combined into one XML document
  - Customer files a claim online, policy data is retrieved dynamically and merged into customer's claim data

Mainframe 2.0

- "Web 2.0" defining new approach to Web interfaces
  - In-depth look on Tuesday at 9:15
  - Loose definition, but involves users helping the application to grow organically, e.g. Wikipedia, Flickr
  - More dynamic interfaces closer to desktop functionality
- AJAX – Asynchronous JavaScript and XML

Copyright © 2006 illustro Systems International, LLC WAVV2006-25

Mainframe 2.0…

- AJAX means better Web interfaces
- Desktop app behavior
  - Drag and drop
  - Right-mouse click, context-sensitive menus
  - More data without screen refresh
- Changes the entire experience
- With all the benefits of access from a Web browser

Copyright © 2006 illustro Systems International, LLC WAVV2006-26

Google Early Adopter of AJAX

Copyright © 2006 illustro Systems International, LLC

Mainframe 2.0…

- Inherent strengths of the mainframe
  - Reliability
  - Affordability
  - Scalability
  - Security
  - Recovery
- But….the interfaces have to be changed in order for the mainframe to be accepted
